F. Mc CARTHY, EUGENE

Approved For Release 2004/01/16 : CIA-RDP75-00149R000500050028-5
Regarding McCarthy's joint resolution yesterday:

I find no text of any remarks by him, in Cong. Record--only the fact that he introduced a resolution (duly listed in memo to acting DCI, attached).

However, Wash. Post today reported (in its daily calendar of Congressional items, opposite editorial page), that the Senate actually "heard" McCarthy speak on CIA yesterday.

Also, the UPI (yesterday) and the Chgo Trib (today) each quoted him.

I can only infer that McCarthy made a statement off the floor of the Senate, expecting to make the speech later in the day.

I have not checked with Legisl. Liaison.
